

8:40 Meeting, Friday, 14 September 1973

1. "Classified" Bulletin Board: Sketches, prepared by Visual Aids/OL, suggesting improvements to the glass enclosed bulletin board in the 1F corridor have been provided the Chairman, Fine Arts Commission (FAC). The FAC will be convened the week of 17-21 September to discuss the proposals.
2. Results from Employee Notice: We have received information from 19 of our employees who have listed rooms and apartments for co-ops and summer interns.
3. Co-op Retention Rate: While our retention rate of graduating co-ops increased from 31% to 47%, it is still somewhat lower than the national average of 55%. No one reason predominates. Two were security rejects. Some went into other fields or to graduate school. Some were not interested in an Agency career or their offices were not interested in them.
